

Simply work quickly and ergonomically!

DisplayShift² Classic

Kindermann's DisplayShift²-series includes four models of manual height-adjustable display mounts: Three Classic and an education model including writeable side wings.

DisplayShift² can be used with all displays and touch displays within the respective weight and VESA range.

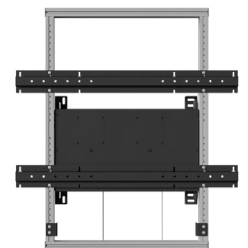

Features:

-  Be fast! No button to press, no waiting time. The DisplayShift² can be adjusted to the right position in no time.
-  Successful long-term testing with over 50,000 cycles as well as corresponding TÜV certification according to DIN EN 14434 guarantee the highest safety standards.
-  Quick and easy installation, long-term use without maintenance and electricity-free use save you money.
-  DisplayShift² can be manually and continuously adjusted in height in no time, offering users of all heights an optimal, ergonomic working environment when using interactive touch displays.
-  DisplayShift² means short delivery times, 5-year warranty with advance exchange and 10-year of spare parts availability.
