**Kindermann Smart Conference & Collaboration Solutions**

# Huddle⁶⁵ᴹ – all-in-one

**Mobile and wireless.** The working world has changed - today we work in hybrid teams. Spontaneous meetings take place in the form of video conferences. This calls for new complete solutions that leave nothing to be desired.

**> Your Meeting starts now**
Produce lifelike and interactive video conferences in small spaces with the **Huddle⁶⁵ᴹ all-in-one solution** - a leading product for hybrid meetings and digital collaboration.

**> Perfectly staged**
The **65" 4K touchdisplay**, video soundbar, wireless collaboration and motorized height adjustment set the scene perfectly for all participants and make virtual meetings real.

**> Wireless Conferencing and Collaboration**
The **included Klick&Show K-FX** supports all major UC platforms and connects wirelessly to the display and video soundbar, making control a breeze. In addition, content can be shared and edited from all devices, regardless of the operating system.

**> Everything fits together perfectly**
Don't waste a thought on compatibility, cabling or integration. **All components are perfectly matched** to make hybrid meetings not only an experience, but also highly productive. And all this at a fantastic price/performance ratio.

# Get mobile and wireless

KVB120

## 65" Touchdisplay

This touchdisplay with advanced technology meets the highest demands: 40 touch points at 4K UHD resolution, a high-precision infrared touch frame for accurate object recognition and much more - makes teamwork and presentations easier.

## DisplayLift², motorized mobile stand

The rollable, electrically height-adjustable display holder offers best stability and safety. The high-quality lifting column made of anodised aluminium can be adjusted in height by 50 cm.

**Optional Add-On**

**Klick&Show K-FX** – This intuitive conferencing and collaboration solution connects your notebook wirelessly to the display and video soundbar. Hybrid meetings with all common UC platforms can be started in seconds. You can also share and edit content wirelessly.

**CommuniKam KVB120** – The all-in-one video soundbar makes video conferencing come alive. The integrated UHD camera with auto framing and voice localisation brings the respective speaker into focus. The 6-fold microphone array and 2 x 7 W speakers ensure perfect sound.

**CablePort desk²** – The high-quality and stylish desk connection panels have a modular design and can be configured individually. They are available in various casing sizes, which can be equipped with international sockets, USB chargers or other interfaces as required.

The motorized height adjustment DisplayLift[2] with four castors is easy to move. Cables and Klick&Show are elegantly integrated. Thanks to the Rear Cover, the display holder is not visible.

# Configuration

## Huddle[65M]

| Article | Description |

# Good, better, Kindermann.

> ## Kindermann stands for state-of-the-art products
Kindermann, founded in 1861, is the oldest company in the pro AV industry and is today one of the leading suppliers acting as manufacturer.  It are the refined, smart details and advanced technology that set Kindermann brand products
apart from the competition.

> ## Commitment to quality and best user experience
One of Kindermann's outstanding strengths is its own product- and software development. Here, the company focuses on easy installation and use from the very beginning. A perfect example is the user interface of Kindermann touch displays – which is so intuitive to use that training is unnecessary. Series products such as display mounts, ceiling lifts or desk connection panels are developed and manufactured at the Eibelstadt site near Würzburg – quality "Made in Germany".

> ## Kindermann is a solution provider
Kindermann is a full-range supplier for conference, presentation and media technology, digital signage and special educational solutions. In-depth experience and competence in software and firmware design always ensures that products are perfectly compatible with each other.

> ## We are happy to support you
As a manufacturer, Kindermann sells exclusively through qualified distributors throughout the world. Our sales partners receive a wide range of services from consulting to project support and  excellent warranty conditions.
