

ML1050ST+

Ultra-compact short throw LED projector

- **HD Ready and LED technology - Great for movies, gaming and PC-free presentations**
- **Short throw lens with auto focus**
- **Feature packed - Built in media player, optional wireless, HDMI, MHL, microSD and built in speaker,**
- **Ultra compact and lightweight - only 420g**

Building on the successful ML1050ST the all new ML1050ST+ has all the benefits with the addition of auto focus for a seamless setup.

Perfect for meetings, presentations or movies on-the-go. This tiny projector weighs just 420g and comes with a convenient carry bag.

For business Give laptop free presentations using the built-in media player, native office viewer, microSD* card slot and USB connection or present wirelessly from a mobile device using the free HDCast Pro app and optional wireless USB adapter. You can even use the it for digital signage applications as the projector can be mounted in virtually any orientation.

For home This compact projector is ideal for watching HD movies directly from a microSD* card, USB stick or using the built-in memory. It even has a HDMI input which allows you to connect it to the latest laptops, PCs, games consoles or Blu-ray™ players. And with a low 16ms input lag and quick response time, this entertainment projector gives gamers a competitive advantage.

*MicroSD Card and USB memory stick not included. Supports up to 32GB. Connection to some devices may require additional cables, available separately.
