

## EPIC 5

### WHAT THIS PRODUCT DOES:

The Epic 5 is Luxul's fastest and most powerful router ever, with Gigabit WAN-to-LAN speeds to take advantage of even the most advanced internet service. It offers everything you'd expect in a full-featured high-performance router from Luxul, including an intuitive interface with advanced management, as well as firewall, QoS, VLAN, VPN and other capabilities that ensure optimal performance, scalability and security of your network. But, it's also much more, acting as a platform for incorporating powerful web content filtering, remote management and other applications that make the network smarter and more reliable.\*

- ▶ Add True Gigabit WAN to LAN Performance to your AV Rack Solutions
- ▶ Create a Secure Guest Network with VLANs
- ▶ Enable Secure Remote Access to the Network via VPN
- ▶ Optimize VoIP, Streaming Media and Other Demanding Applications
- ▶ Improve Network Reliability and Performance with Dual-WAN Capability
- ▶ Protect Your Network with Firewall and Security Features

### FEATURES:

- ▶ 2 Dedicated WAN, 5 Dedicated LAN Ports
- ▶ Dual-WAN Failover and Load Balancing
- ▶ Virtual Private Network (VPN): PPTP, L2TP, IPsec
- ▶ Virtual Local Area Network (VLAN)
- ▶ Network Security and Firewall
- ▶ 1 USB 3.0 Port
- ▶ Durable 1U Metal Enclosure for Rack Mount or Desktop Use

**\* Some advanced capabilities and applications may require additional configuration or licensing.**

## Epic 5 High Performance Gigabit Router

Part number - ABR-5000

### TECHNICAL SPECIFICATIONS

### Warranty:

- ▶ 3 Year Limited Warranty

### Requirements

- ▶ Web Browser
- ▶ Ethernet Cable
- ▶ Internet Connection to View Documentation Online

### Package Contents

- ▶ Epic 5 High Performance Gigabit Router
- ▶ Rack Mount kit
- ▶ Rubber Feet
- ▶ Power Cord
- ▶ Quick Install Guide
